

62  
25. A method of interacting with a configuration management system, comprising the steps of:  
managing performance of configuration management functions on objects within said configuration management system; and  
displaying a representation of said objects in [a Windows 95] an Explorer style presentation having a tree display of objects in said configuration management system, and a content display that displays items selected in said tree display.

63  
49. A computer readable medium having computer instructions stored thereon that, when loaded into a computer, cause the computer to perform the steps of:  
managing performance of configuration management functions on objects within a configuration management system; and  
displaying a representation of said objects in [a Windows 95] an Explorer style presentation having a tree display of objects in said configuration management system, and a content display that displays items selected in said tree display.

64  
73. A configuration management system, comprising:  
means for performing configuration management functions on objects within said configuration management system; and  
means for displaying a representation of said objects in [a Windows 95] an Explorer style presentation having a tree display of objects in said configuration management system, and a content display that displays items selected in said tree display.
